

Demolition

Additional Operating Instructions

These are additional instructions to the Constant Flow Land Inflatable Operation Manual.

Demolition Ball Inflatables come in many different size, colours, and appearances. These additional operating instructions cover any device made by Airquee similar to the pictures above. If you are in any doubt about anything mentioned in this manual or its suitability for your product or circumstances, please contact us using any of the methods given on our website, www.airquee.com/contact.

For all guidance relating to the safe use and operation of an inflatable including safe positioning, anchoring, inflation/deflation, and regular checks please refer to our Constant Flow Land Inflatable Operation Manual. A copy of this can be downloaded by scanning the QR code on the filler pipe of your product or by visiting www.airquee.com/manuals.

As owner/operator it is your responsibility to write and carry out your own risk assessment before attempting to use this product. This manual, together with the Constant Flow Land Inflatable Operation Manual must be read before attempting to setup/use the product.

Additional Equipment

Gymnic Ball	Adult Helmets	Child Helmets	Neck Braces	Suspension Straps
	4x 	4x 	4x 	3x 
Carabiner	Polypropylene Ropes	Hand Held Fan		
				

This inflatable can be set up and packed away by 2 persons who have had proper manual handling training and use the correct equipment to move the inflatable. You should conduct your own manual handling risk assessment to determine a safe set up procedure and number of people required based on your circumstances.

For information regarding dimensions, weight, zips, filler pipes etc please refer to the email we sent you with the finished pictures and data.

INTENDED USE OF THE PRODUCT

The Enclosed Demolition is a game designed for 4 players. Each player stands on their own podium and tries to knock the other players down with the help of the suspended inflated ball. The last player to remain standing wins.

OPERATING GUIDELINES/RULES OF PLAY

- **Before entering the game area, CLEAR INSTRUCTIONS SHALL BE GIVEN to players on their conduct during the activity.**
- **Explain to users that once knocked off they should exit the inflatable OR get back up and continue playing. The game play is your choice.**
- **Either way the game should not continue until the player has either exited or regained their position on the podium.**
- **Always run a trial before allowing users on the play area.**
- **Do not use the product without the supplied safety equipment. The supplied neck braces and helmets must be always worn.**
- **Participants should not engage in the game if they have any of the following conditions: current or previous injury to the back or neck, chronic knee, or other joint conditions; any respiratory conditions, including but not limited to asthma or bronchitis; any heart related or circulatory conditions or pregnancy.**
- **Do not allow users to climb or sit on the walls.**
- **Do not allow users to hang from the inflatable ball.**
- **Always respect the maximum number of users. Never allow anyone on the play area whilst 4 players are dueling.**
- **Users should be of similar size/age/ability to avoid older more capable users from being too boisterous with smaller younger users.**
- **Do not leave the product unsupervised in an inflated state. When not in use, deflate it.**

For more information regarding operating guidelines and rules of play please see the Constant Flow Land Inflatable - Operation Manual.

SETUP

1. Before inflating the unit, please tie the suspension straps across the top beams and connect them with the supplied carabiner.

2. After inflating the unit, you may inflate the ball with the help of the supplied handheld fan.

Setup the fan to inflate using the correct connector and connect it to the inflation/deflation valve shown below. Then switch on the fan and start inflating the ball until it is firm to touch.

IMPORTANT: DO NOT LEAVE UNATTENDED WHEN INFLATING AND DO NOT OVER INFLATE SINCE THE BALL HAS NO OVERPRESSURE VALVE.

Remove the pump from the ball's valve and quickly insert the valve plug.

3. The ball is attached to the webbing strap with two metal rings, you can also adjust the height of the ball from here:

In addition to the checks that you must perform, all inflatables require an annual inspection. Please refer to local legislation for the specific requirements of the country or region that you are operating in.

The Airquee Operation Manual (the "Manual") is proprietary to Airquee Ltd, SC Airquee SRL, Airquee Northern Ireland Limited and Airquee Ireland Limited collectively known as ("Airquee") and no ownership rights are hereby transferred. No part of the Manual shall be used, reproduced, translated, converted, adapted, stored in a retrieval system, communicated, or transmitted by any means, for any commercial purpose, including without limitation, sale, resale, licence, rental, or lease, without the prior express written consent of Airquee.
